

*veritatis simplex oratio est.*¹

Revision Week

You have done eight lessons so far. Now go through everything in your notes from the *Bible* section (day one of each week) and make sure you understand everything. Once you have a good set of notes you can test yourself easily. If you have someone available to help you you could ask them to test your memory.

New week's lesson will be a test on everything you have done so far including the on-line articles you were asked to read.

¹ The language of truth is simple. Seneca.
