

Year 3 Term 3 Week 5 Day 3
Work this exam style question:

“Cicero presents himself as the perfect *quaestor* and Verres as the worst governor.” How far do you agree with this assessment based on the extracts you have read? Support your answer with reference to the text.

You should write at least 100 words.

Hints: Another “on the one hand... on the other hand...” answer. Don't forget to write your answers by hand to prepare for the exam. My attempt is on the next page.

This is the final Cicero literature lesson. Now you should concentrate on revision. Make sure you know the translation of the whole passage. Learn all the oratorical devices Cicero uses and examples of each so that you can quote them and/or recognise them.
